2012 BUDGET MESSAGE

The Town of New Castle, Colorado, was incorporated on February 4, 1888. On January 12, 1999, New Castle voters adopted a Home Rule Charter for the Town. A Mayor and 6-member Town Council govern the Town. The Town provides services in the following areas: Building Inspections, Public Safety (Police), Street Maintenance, Water and Wastewater, Health and Welfare, Parks and Recreation, Cemetery, Town Maintenance, and Town Administration.

The Town Council is empowered to annually adopt and administer a budget in order to finance government services. The budget is organized on the basis of funds. These funds are self-balancing, and attempt to project all revenues and expenditures for the year.

There are three fund types in this budget format:

Governmental

General Fund – to account for all financial resources except those required to be accounted for in another fund.

Proprietary

Enterprise Fund – to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The Utility Fund (water, sewer, and trash services) is an enterprise fund.

Fiduciary

Trust Funds – to account for assets held by a government unit in a trustee capacity. The Conservation Trust Fund (lottery proceeds for parks) and the Cemetery Fund (for maintenance of Highland Cemetery) are trust funds.

The Town uses the cash basis for budgeting its revenues and expenditures.

For the most part, the regional economy remains flat, as it has since 2009. New home construction, a frequently used economic bellwether for the community, is indicative: there were no new housing starts in 2011. There was only one new housing start in the town in 2010 compared to two in 2009 (for historical perspective, there were 71 new homes built in 2008 and over 200 in 2007). Sales tax, which constitutes a significant portion of the Town's revenues in 2011, was up by 4% from 2010, but down by 1% when compared to 2006 totals. Further, the downturn in property values will cost the Town approximately \$350,000 in tax revenues for years 2012-2013. As a consequence of these and other compounding factors, the 2012 Town budget reflects a \$120,000 decrease in General Fund revenues from 2011.

Staffing levels for 2012 are unchanged—the Town employs 25 full-time, and 5 part-time

employees, a 30% reduction from 2009 levels. As a consequence of reduced demand, the Building Department Assistant position was eliminated in 2011 and building services are now provided by the Town Clerk. Last year, after the Parks Foreman position was vacated in the Public Works Department, those duties were assumed by the Assistant Public Works Director. The workload for almost all Town staff members has increased substantially over the last three years, as our resources (both human and financial) have dwindled. Nevertheless, the Town continues to offer virtually all of the services it provided in previous years.

Rate increases in 2012 are again necessary to cover the costs of providing water and wastewater services to New Castle residents and businesses, and to keep the Town's Utility Fund solvent and our related infrastructure up-to-date. Despite this, the Town continues to provide these quality services at lower rates than our neighboring municipalities.

A \$3 million property tax increase was passed by voters in the November 2008 election to fund an expansion of the water treatment plant and the raw water irrigation system, but lack of demand will delay construction of the water treatment plant until 2013 or later. No new capital projects are scheduled for 2012.

Despite the sluggish economy, there is some good news: sales tax receipts are up, and the Town staff continues to refine and improve its budgeting controls and forecasting procedures which help the Town meet its financial challenges more proficiently. Better than anticipated mineral lease/severance tax distributions in 2011 have enabled the Town to continue to rebuild general fund reserves and set aside revenues for anticipated future capital expenses. On balance, however, the recession persists and full economic recovery does not appear imminent. Conservative budgeting practices and dedicated belt-tightening will again be necessary as we move into 2012 and beyond.

Town Administrator
