RE: Climate Action Environmental Initiatives Committee
ATTN: Melody Harrison, Town Clerk

Dear Melody:

I am writing in regard to my interest to be appointed to the "Climate Action Environmental Initiatives Committee." I was not available to apply in the past when this committee was formed. I am very excited with the opportunity to serve and protect our community.

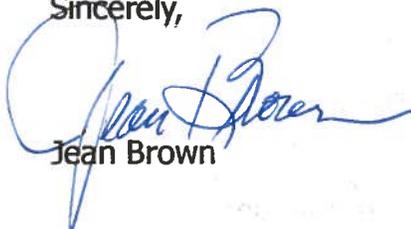

I feel that I can offer the committee a good work ethic, ability to research information, good organizational skills, interest in the environment and how it relates to our immediate world and the world around us. I feel we all live on this planet together and we need to protect it as much as possible.

I have lived in New Castle for 19 years and am a Colorado Native. I love this state and town and feel that the environment is one of the major factors that brought and keeps us all in this wonderful Town. We definitely need to protect it as much as possible.

I have been an Insurance Agent for 30+ years. I have worked mainly with Fire Districts, Sanitation Districts, Water Districts, Municipalities, large transportation companies, Condominium Developments, and all personal insurance.

I feel I could be a good asset to this Committee and ask to be considered for a position on the "Climate Action Environmental Initiatives Committee". I understand that this is for a two year appointed term, meeting on the 3rd Thursday of the month at 7:00pm at the Town Hall as needed with a minimum of 4 times per year. Thank you for your consideration.

Sincerely,

Jeanne M. Brown
