

Memorandum

To: Mayor and Council
From: Downtown Group
Date: April 1, 2014
Re: Painting the Gazebo

Purpose: The purpose of this item is to request permission to paint the Gazebo in time for the Volunteer Appreciation Day on April 26th.

Background and Discussion: As you know, the Downtown Group has encouraged property owners in the downtown to add color to their buildings – Maud’s, Speckled Feather and Hacienda el Patron have all added a splash of color to their buildings and businesses. The Downtown Group is also adding flowers to the downtown streetscape this spring. The DT Group has discussed painting the gazebo in Burning Mountain Park as a way for the Town to participate in adding color to the downtown.

Request: The DT Group requests permission to paint the gazebo. At tonight’s meeting, we will show Council the suggested color schemes and ask for feedback. We ask that Public Works remove the festive lights. The DT Group will do the painting and pre-painting preparation where needed. The DT Group expect the cost of the project will be less than \$200.
