

# NOTICE

This is a reminder that effective **May 1** of each year the outside watering restrictions go into effect. This means you cannot water outside between the hours of **10:00 am and 6:00 pm**. Also in effect is the **Odd/Even** watering schedule; total outside watering is limited to **four (4) hours per day**. Watering outside of the permitted watering hours and on dates not associated with your street address could result in fines.

Water supply conditions in our basin have been described as similar to those experienced in 2002, the driest year on record. Therefore it is important to conserve water whenever possible. Summer watering is an important way to start as nearly 65% of the Town's water use is on lawns and landscaped areas.

Lawn experts indicate early morning watering is the most ideal time to water your lawn, with evening hours, after the sun goes down, as the second most productive time. If you are planning on installing new grass or landscaping a thirty (30) day watering exemption permit may be acquired at Town Hall.

For those of you who may be unfamiliar with the term odd/even, this refers to your street address and calendar dates. If your street address ends in an odd number you water on odd number dates of the calendar. If your street address ends in an even number you water on even number dates of the calendar.

## EXAMPLE

<u>Street Address</u>	<u>Dates For Watering In May</u>
355 Main Street	1,3,5,7,9,11,13,15,17,19,21,23,25,27,29,31
354 Main Street	2,4,6,8,10,12,14,16,18,20,22,24,26,28,30

If you have any questions please call Town Hall: (970) 984-2311.
