

Memorandum

To: Mayor and Council
From: Tom Baker, Town Administrator
Date: February 3, 2015
Re: Pedestrian Bridge Lighting Proposal

Purpose: Recently, Angela Meraz of Alpine Bank proposed to assist the Town with installing solar lights on the Flat Tops Bridge to promote user safety. Jeff Simonson is developing a lighting plan for Council's review. Once Council agrees on a lighting plan, we will bring the plan and budget to Angela for consideration. The purpose of this item is to review Jeff's work and decide on a lighting plan. Jeff will present the plan and lighting options at the meeting.
