Town Council
444 Main
New Castle, CO 81647

Dear Mayor Gordon and Council:

I am requesting appointment to the Climate Action Advisory Committee as the chairman, as I noticed recently that the position was vacant and that the Committee was unable to even meet the quorum requirements. My current major aim in life is to do all I reasonably can to decrease greenhouse gas emissions and preserve a livable environment for my (and your) descendants.

I served previously as Chair of this committee and am dedicated to educating residents and recommending meaningful action to the Council. This will involve cooperation with other municipalities and organizations, which I will try to facilitate with the Council within budget constraints. I envision educational presentations to residents and you, their representatives, both during Council meetings and at separate events.

Sincerely,

A handwritten signature in black ink, appearing to read "David E. Schroeder". The signature is fluid and cursive, with a large initial "D" and "S".

David E. Schroeder
