

Memo

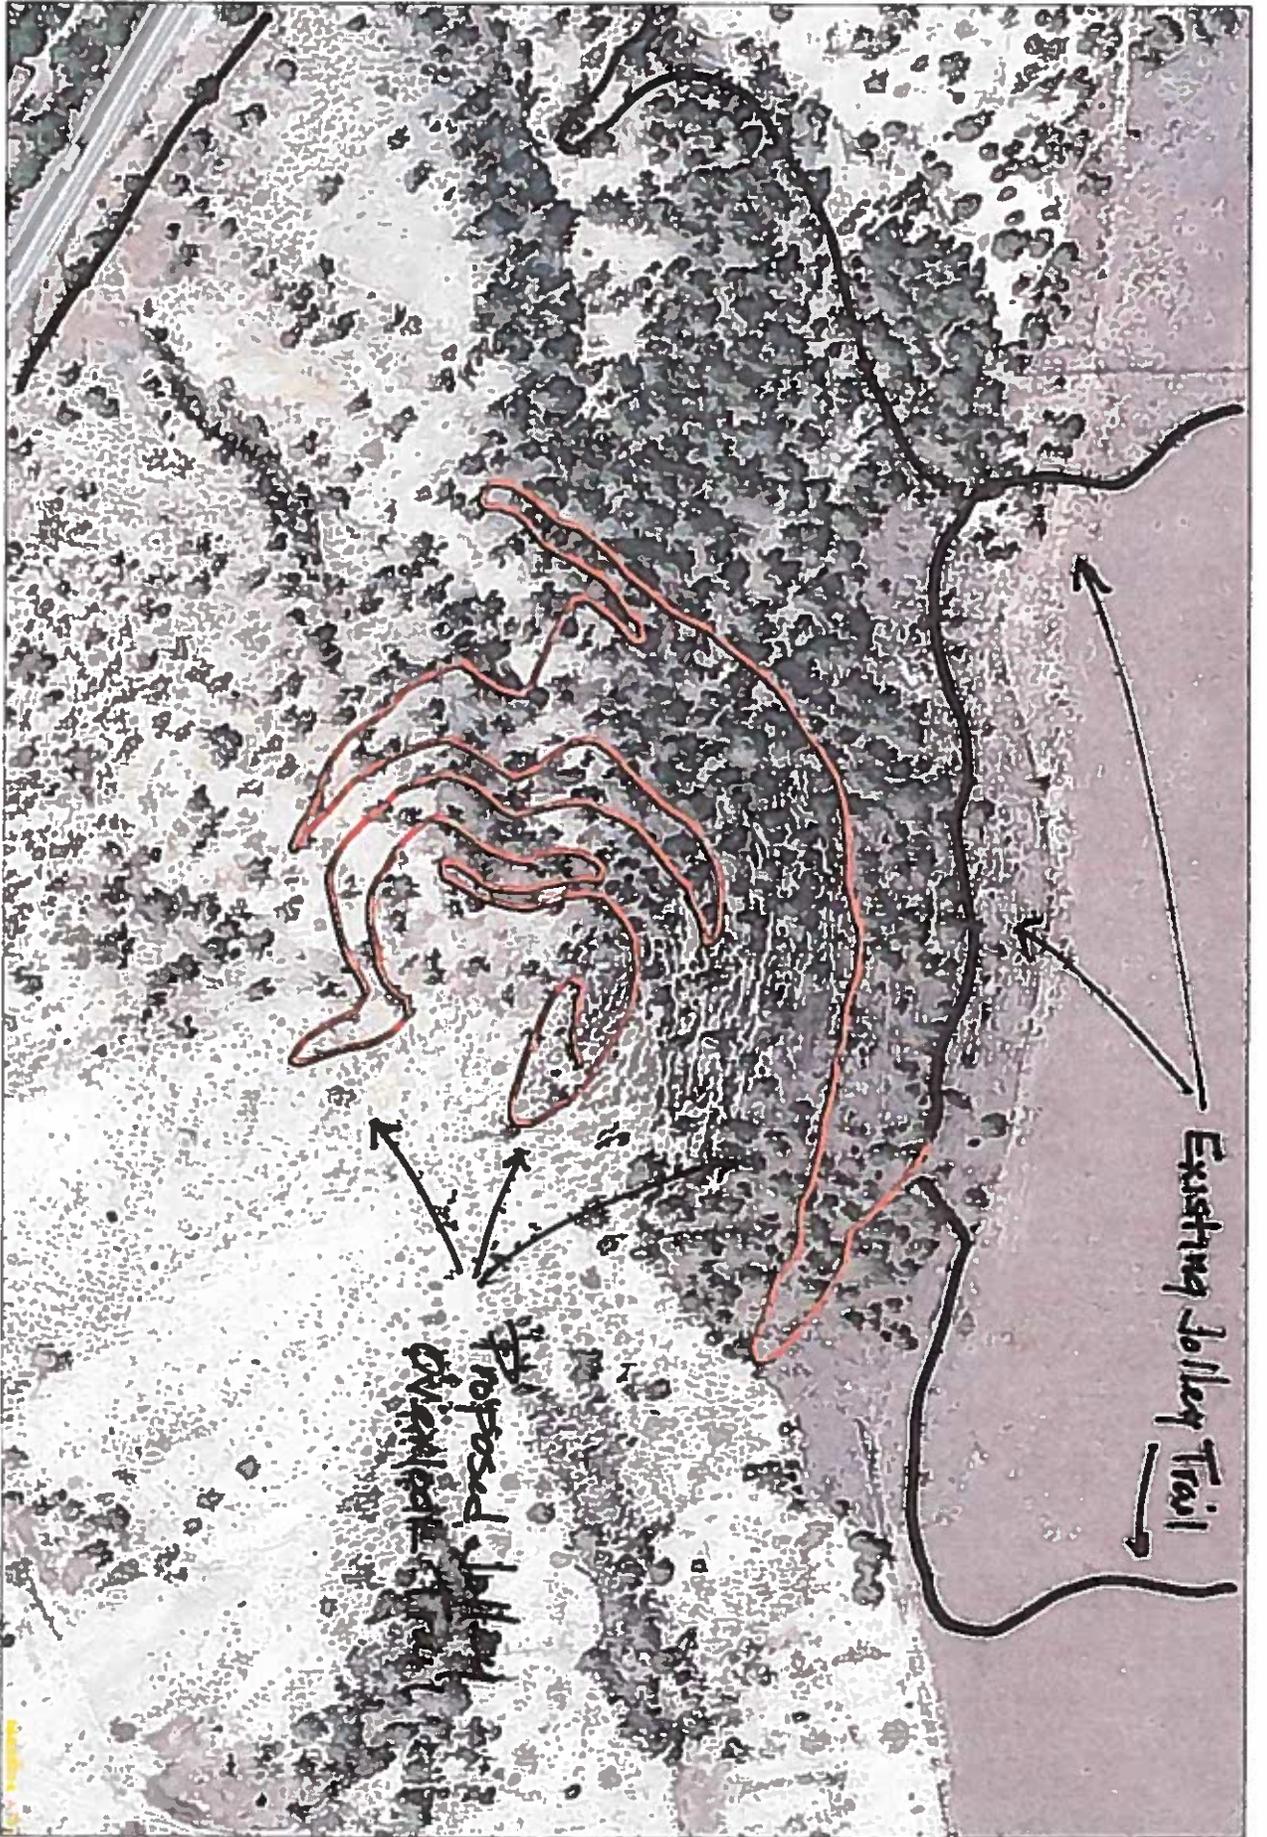

To: Historic Preservation Commission
From: Melody Harrison
Date: May 13, 2016
Re: Naming Three Hills East of Mt. Medaris

Purpose: This purpose of this agenda item is to ask if the Commission would consider resurrecting the Place Naming project.

Background: Several years ago, the HPC had discussed Place Naming: Trails and places that could be named, or were not named.

Recently, a request went to the Town Council to allow the New Castle Trails group to extend a portion of the Jolley Trail onto public land. The location of the extension would switchback up the North side of the hill that is farthest east of Medaris (the hill behind McDonalds.) Councilor Leland felt it may be appropriate for HPC to reconsider naming the three hills east of Mt. Medaris to assist visitors in locating the soft trail that will be built there.
