RE: Climate Action Advisory Commission  
ATTN: Melody Harrison, Town Clerk

Dear Melody:

This letter is in regard to my current term of appointment to the Climate Action Advisory Commission, that will be completed in April of 2016. I would like to request that I be considered for continuation as a member on this Commission for another term.

I feel that we are just getting members, direction, and items of interest to the population organized and would like to help move some of these issues forward. I think the Commission can organize and research many very important issues that will be extremely important for the Town in the future. Getting as much research and information to the Town Board and the population of our Town regarding environmental issues and ways in which they relate to us now and in the future can be a major function of this Commission.

As a Commission we have just begun organizing some issues and researching them. I would like to stay on to help complete some of these tasks. I appreciate your consideration in this regard.

Thank you,

Jeanne M. Brown
