

Memorandum

To: Mayor and Council
From: Tom Baker, Town Administrator
Date: June 21, 2016
Re: Downtown Group Request for Funding: Gazebo Painting

Purpose: The purpose of this item is to consider funding for the Downtown Group to paint the gazebo.

Background and Discussion: Two years ago the Downtown Group organized the painting of the gazebo. It needs to be painted again and the Downtown Group is willing to make it happen. This year the DT Group wants to paint the gazebo a more traditional color – white with blue accent (two years ago we tried a whimsical color scheme), see attached photos. The gazebo needs some care, see attached photos. The DT Group is a great example of civic engagement and staff supports them.

Recommendation: Staff recommends Council authorize the DT Group to spend up to \$400 to power wash and prepare, purchase (from Mr. T's) all paint and materials, and paint the gazebo.

Subject: June 21 Agenda

Hi Melody,

Per our conversation, below please find an outline of what I will be requesting of Council with regard to the repainting of the Town gazebo:

1. Please note condition of gazebo;
2. Would need PW to powerwash and clean overhead light in gazebo before volunteers painted;
3. Received an approximate estimate of \$180-200 from Mr T for paint, brushes, trays, tape, dropcloth;
4. Have included a photo of the gazebo in white with two shades of blue/green trim for top of gazebo, railing and bottom of columns.

Because of the condition of the gazebo and the start of the summer season especially the Farmers Market on July 7th, I am requesting approval for funding, scheduling PW prior to July 7th so that volunteers have enough time to paint the structure prior to the opening of the Farmers Market.

If there are any concerns with the blue/green accent color, this can be revisited, but at least to have the gazebo cleaned and repainted in white would have a positive impact on the various functions the Town is hosting this summer.

Thank you for your consideration.

Susane Ruggles
