

## Memo

**To:** Tom Baker  
**From:** John Wenzel  
**Date:** July 28, 2016  
**Re:** Bicycle Pump Track at VIX Park

---

**Recommendation:** The Public Works Department and The New Castle Trails group is seeking approval from Town Council for the construction of a Bicycle Pump Track, east of the baseball field at VIX Park. The site identified within VIX Park consists of mostly native grasses and is currently not being used for any other propose. New Castle Trails and their supporters are volunteering their time and equipment for the tracks design and construction. Members of New Castle Trails will be attending the August 2 Town Council Meeting to make a power point presentation.

**Background Information:** New Castle Trails presented their idea of a Bicycle Pump Track to the Parks, Open Space, and Trail (POST) Committee on July 6. The POST Committee unanimously decided that the Pump Track would be desirable amenity. The POST Committee also determined that locating the track at VIX Park would be the most appropriate lactation. The VIX Park area is currently a popular destination for many bicycle riders.

**Budget Implications:** Zero funding is being requested for the design and construction of the Bicycle Pump Track
