**Re:** Discussion: RREDC Funding

---

**Purpose:** The purpose of this item is to discuss funding for the RREDC in 2014.

**Discussion:** Council discussed RREDC several time during 2013 and while Council decided to fund the RREDC at the \$5,000 in 2013, Council determined that a lower level of funding was appropriate for 2014.

During budget workshops, it is my recollection that while Council did not set a specific funding target for RREDC, we were considering a funding level in the \$300 to \$1,000 range. Bruce Leland brought information to Council at the last meeting regarding Parachute's funding of RREDC. The Parachute Town Manager confirms that Parachute is funding RREDC at the \$5k level for 2014.
