Destinee Reed—7:30

Destinee was placed on this earth to write and perform music. She was born and raised on a farm near Palisade, Colorado. Palisade is known for its serenity, beauty, it's mustang reserve and perhaps most of all, its peaches. At age 10 her Dad gave her a hand-me-down guitar. She discovered music was her passion. She continues to write songs, play her guitar and piano for endless hours each day and she performs whenever opportunity knocks, including alone in her small music studio, on the back porch for friends and family or in front of thousands at major venues. Sometimes she even sings songs to the mustangs at the rescue, where she works as a horse handler. Thanks to people like you, she is truly fulfilling her true "Destinee".
